# AV Systems are Crucial when Collaboration is Key

Open plan work spaces require spaces where two or three employees can meet, collaborate, and share ideas, without disrupting others, or to maintain confidentiality. Even though the space is small, the collaboration that happens there still requires an AV system that allows coworkers to easily share ideas.

Simple inputs to connect laptops and tablets, and PC-based teleconferencing are the most common components of the basic AV systems in these rooms. Flexibility is key, as is easy operation. And, because these systems are being squeezed into small spaces, you may need to look for ways to mount equipment under tables and behind monitors to optimize workspace in the room.

From transmitter/receiver combos to small switchers, Atlona has multiple solutions that enable huddle rooms. Integrated control, audio de-embedding, and switching make the design simple and repeatable. Advanced Automatic Display Control features make it simple for anyone to use these rooms. With all these features in a small box, you can be certain Atlona technology supports collaboration!

Add on Panduit boxes that allow receivers to hide behind monitors, or transmitters to mount below tables, and surface raceway that covers and protects power and AV cabling, and your huddle space will be ready for brainstorming sessions that drive business.

Part Number	Part Description
Atlona Products	
AT-OME-EX-KIT	HDMI over HDBaseT TX/RX with USB.
AT-HDVS-CAM	PTZ camera.
AT-PKT-3H	Architectural cable access enclosure.
AT-HDVS-210H-TX-WP	Wallplate switcher for HDMI.
AT-HDVS-200-RX	HDBaseT receiver and scaler.

See Atlona.com for additional devices for huddle room applications.

Panduit Products

Part Number	Part Description
UTP28X7BL	28 AWG copper patch cord, Category 6A, 7 feet, Black.
UTP28SP7BL	28 AWG copper patch cord, Category 6, 7 feet, Black.
CJ6X88TGBU	Category 6A RJ45 UTP Mini-Com® Jack, Blue.
CJ688TGBU	Category 6 RJ45 UTP Mini-Com® Jack, Blue.
FP6X88MTG	Category 6A UTP field term RJ45 plug for field termination of unshielded twisted pair cable. Compatible with Category 6A, 6 and 5e.
PUP6AV04BU-G	Category 6A copper cable, plenum, Blue.
PUP6504BU-UY	Category 6 copper cable, plenum, Blue.
HDMI1MWH	HDMI 2.0 patch cord, 1 meter, White. Third party certified to meet HDMI 2.0 specification.
CMBBSWH	Small in-wall box, 16" x 6" x 3.4" with grid pattern for limitless configuration. Includes knockout for power outlet and cable pass through bezel. Ideal for mounting equipment behind monitors.
AFR4BCBL6	6 foot above floor raceway base and cover, Black.
AFR4CCBL	Above floor raceway coupler fitting, Black.
AFR4TRT70BL	Above floor raceway transition fitting from above floor raceway to T70, Black.
AFR4RABL	Above floor raceway right angle fitting, Black.
AFR4ECBL	Above floor raceway end cap fitting, Black.
AFR4JB2SBL	Above floor raceway power rated two piece snap together junction box, Black.
