

Panduit Limited Solar Product Warranty

Effective Date: January 1, 2024

- 1. Limited Solar Product Warranty.** For purposes of this Limited Solar Product Warranty, “**Panduit**” means Panduit Corp. and its subsidiaries and affiliates (the “**Affiliates**”). “**Panduit solar products**” means all products that Panduit and its Affiliates manufacture and/or sell with Panduit or its Affiliates’ brand-names explicitly marketed for use in solar or long-term outdoor installations and found in Appendix A. When installed in accordance with recommended installation methods and properly tested in application, Panduit warrants that the Panduit solar product, and each part or component of the Panduit solar product, will comply with Panduit’s published specifications, will meet common agency test requirements, and will be free from defects in material and workmanship for a period of 20 years from the date of invoice from Panduit or its authorized distributor, not to exceed 21 years from the original date of shipment from Panduit’s facility (the “**Warranty Period**”).
- 2. Remedies.** Panduit’s sole and exclusive obligation and Buyer’s exclusive remedy under this warranty is Panduit’s replacement of the defective Panduit solar product. Buyer-requested onsite warranty service is not covered and will be at Buyer’s sole expense, unless authorized in writing by Panduit in advance. Panduit has the right to either request proof of proper installation, examine the Panduit product where it is located or, in its sole discretion, issue shipping instructions for return of the Panduit solar product to Panduit or Panduit’s third-party authorized service center. Where applicable, Buyer must return the defective product, part or component, transportation prepaid to Panduit’s customer service department or Panduit’s third-party authorized service center accompanied by Panduit’s Return Material Authorization. If Panduit confirms that there is a defect that is covered by this warranty, the replaced Panduit product will be warranted for the remainder of the warranty period applicable to the originally shipped Panduit solar product, or for a period of 90 days from the date of shipment to Buyer, whichever is longer. If requested by Panduit, Buyer must provide a proof of purchase, including date of purchase, in order to receive warranty coverage.
- 3. No Warranty for Third-Party Branded Products.** Panduit makes no representations and disclaims all warranties of any kind, express or implied relative to any third-party branded product or service, including any Panduit product repackaged outside of Panduit manufacturing processes. To the extent any warranties extended to Panduit by the third-party manufacturer are transferable, Panduit will transfer such warranties to Buyer and any enforcement of such third-party warranties shall be between Buyer and the third-party. Panduit does not warrant the compatibility of Panduit products with the products of other manufacturers or Buyer’s application except to the extent expressly represented in Panduit’s published specifications, written quotation or statement of work.
- 4. Exclusions.** This Limited Solar Product Warranty is void if Buyer purchases the Panduit products from anyone other than a Panduit Authorized Distributor or an authorized reseller. Before using, Buyer shall determine the suitability of the Panduit product for the intended use and Buyer assumes all risk and liability whatsoever in connection therewith. The warranties contained herein shall not

apply to any Panduit product that has been modified by persons other than Panduit or persons authorized by Panduit. In addition, this warranty does not cover any defects resulting from: (a) normal wear and tear, (b) misuse or abuse; (c) neglect; (d) improper storage, handling, operations, maintenance, repair or alteration; (e) accidental damage beyond Panduit's control such as fire, storm or water damage; (f) operation outside of the environmental specifications for the products; (g) repairs or alterations made by parties unauthorized by Panduit; (h) installation with non-Panduit branded installation tools or Panduit installation tools that have not been properly calibrated for the installation; or (i) improper installation or inadequate site preparation or maintenance by Buyer.

5. LIMITATION ON LIABILITY. THE WARRANTIES PROVIDED HEREIN ARE BUYER'S SOLE AND EXCLUSIVE WARRANTIES. ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR USE ARE DISCLAIMED. TO THE EXTENT PERMITTED BY LAW, IN NO EVENT SHALL PANDUIT BE LIABLE FOR ANY LOSSES OR DAMAGES ARISING FROM ANY PANDUIT SOLAR PRODUCT WHETHER DIRECT, INDIRECT, CONSEQUENTIAL, INCIDENTAL OR SPECIAL, INCLUDING WITHOUT LIMITATION ANY CLAIM FOR LOSS OF DATA, LOSS OF ACTUAL OR ANTICIPATED REVENUE, PROFITS OR SAVINGS.

6. General. This Limited Solar Product Warranty applies to the Panduit solar products only and not to any combination or assembly of the Panduit products. Nothing in this Limited Solar Product Warranty shall be construed to provide Buyer with a warranty for any system implementation using Panduit products.
